

DIGITAL LITERACY

“Digital literacy is the bridge between merely using technology and truly understanding it, enabling us to innovate responsibly -- Enamul Haque for Non-CSE Enthusiasts”

INSURE YOUR SAFETY

THINGS TO AVOID

Never share personal info: Avoid posting addresses, phone numbers, passwords, or financial details publicly.

- **Don't click unknown links:** Skip unsolicited attachments, pop-ups, or suspicious URLs to prevent malware and phishing.
- **Refrain from cyberbullying:** Never engage trolls, harass others, or escalate online arguments.
- **No unauthorized sharing:** Don't forward private messages, photos, or copyrighted content without permission.
- **Skip oversharing location:** Avoid real-time check-ins or geotags that reveal your whereabouts to strangers.

SOME PRO TIPS FOR STUDENTS

“Your digital journey starts with literacy, but it ends with limitless possibilities for a brighter, more connected future as it belongs to those who can harness the power of technology with wisdom and foresight.”
